

Custom Hoses

The logo for Custom Hoses, featuring the word "CUSTOMHOSES" in a bold, black, sans-serif font. The letters are closely spaced, and the overall style is clean and industrial.

Unit 6, Black Swan Business Park, Exeter Road
Dawlish, Devon EX7 0FQ
United Kingdom

Phone: 01626391992

UK-made braided hoses—any length, any fitting. Build online & get next-day delivery of AN-3 to AN-20 stainless-steel lines for performance, motorsport or industrial use. Custom Hoses manufactures high-performance stainless-steel braided hose assemblies for automotive, motorsport and industrial applications. Using our online builder you choose length, bore size (AN-3 – AN-20) and end fittings; we crimp, pressure-test and ship nationwide—typically within 24 hours. Every hose is made with PTFE liner, 304-grade outer braid and genuine zinc-plated or anodised aluminium fittings for maximum flow and corrosion resistance. Popular uses include brake, clutch, fuel, oil cooler and turbo return lines. We operate from Unit 6, Black Swan Business Park in Dawlish but do not offer a trade counter—all orders are placed online and delivered by courier. Call 01626 391 992 or email
